This year, in partnership with GROW, we are again supporting The Bill Wilson Drop In Center. This center provides a safe place where young people can begin forming bonds with caring adults and access essential resources for their overall well-being. The primary goal of the program is to get homeless youth into safe and permanent housing. Job readiness training and workshops are included in the services offered.

A number of companies have already made significant donations.

For the work day we need volunteers for:

- Interior & exterior painting
- Small construction
- Carpentry work
