Belonging to IFMA is very rewarding to me because it allows me to network with other facility managers who share many of the same issues I face. It also allows me to mentor young facility managers and students interested in becoming facility managers or enhancing their FM skills and experiences. – Dave Riker

Being a member of IFMA has been a very valuable experience during my facility management career. I am proud to have held the CFM designation since 2006 and that designation has brought a lot of credibility to my career.”– Randy L. Groff, CFM

I turned to IFMA after searching out programs to meet my needs. I am blessed with a tremendous work crew and outstanding vendors. It was through IMFA’s FMP program I was able to meld these two groups into an efficient production crew to provide for our students from what I learned. - Steven Barsanti, FMP

Joining IFMA has proven to be a game changer for me. IFMA was an immediate networking tool for me after my relocation to Atlanta. I started out working on multiple committees, and before I knew it, the opportunity arose for me to Chair the Associates Committee and to Co-Chair the Communications Committee. The resources of our chapter are amazing, and we are able to offer multiple educational offerings to our professionals as well as several networking events throughout the year. Being a member of IFMA Atlanta was one of the best decisions I made for my career."
